

DEC 11 2018

Dear Sir,

As an unlimited long distance subscriber, I kindly ask that you don't take away our rights to free conference calls.

Thank you,

Barbara E. Horet

As a taxpayer, and a free conference calling client, I ask you to please reconsider acting on WC Docket No. 18-155. My free conference calling services are currently at risk of being completely eliminated and costing me, millions of others and our businesses.

I am urging you to refrain from eliminating services that I and millions of other Americans use regularly.

Long-distance carriers will not be negatively affected, financially or otherwise, if free conference calling services are left alone. In fact, they stand to gain upwards of \$80 million.

However, if the FCC does decide to remove these services, I and millions of other American citizens and American businesses will be immediately and negatively affected. We will no longer be able to use these services for free and will instead be forced to pay for conferencing services provided by the long-distance carriers if we want to reach our non-profit organizations, our families, our churches, singing calls, news calls, prayer groups, support groups, board meetings, committee meetings, startups, schools, and global corporate communities and their families.

Widows and other lonely individuals are finding comfort in this type of free conference calling.

Do not take away my free conference calling services and further line the pockets of major long-distance carriers.

I ask the Federal Communication Commission to refrain from proceeding with its rulemaking in WC Docket No. 18-155.

Signed,

WC Docket number 18-155 regarding:  
Updating the intercarrier Compensation Regime including  
Conference calling services

Please reconsider: we have a niece, is crippled  
and in a wheelchair and lives to listen to the  
handicap line.

As a taxpayer, and a free conference calling client, I ask you to please reconsider  
acting on WC Docket No. 18-155. My free conference calling services are currently  
risk of being completely eliminated and costing me, millions of others and our  
businesses.

I am urging you to refrain from eliminating services that I and millions of other  
Americans use regularly.

Long-distance carriers will not be negatively affected, financially or otherwise, if  
conference calling services are left alone. In fact, they stand to gain upwards of \$8  
million.

However, if the FCC does decide to remove these services, I and millions of other  
American citizens and American businesses will be immediately and negatively  
affected. We will no longer be able to use these services for free and will instead be  
forced to pay for conferencing services provided by the long-distance carriers if we  
want to reach our non-profit organizations, our families, our churches, singing calls:  
news calls, prayer groups, support groups, board meetings, committee meetings,  
startups, schools, and global corporate communities and their families.

Widows and other lonely individuals are finding comfort in this type of free  
conference calling.

Do not take away my free conference calling services and further line the pockets

I am very concerned about the possibility of eliminating the free conference calling. We use it to broadcast our church services to the elderly, the sick and shut-ins. We also use it for Committee Conference calling, which saves us travel expense and time. We also use it for family connecting weekly. Call-in news calls, call in song services. We would be extremely hindered by losing this privilege. Please do not take this away from us.

As a free conference caller, I would miss not being able to listen to Dairy issues calls, News + death notice calls, singing calls, sharing sudden stories, church services, Funerals of people we know, church singing services, Farm meeting recordings, recordings of accident survivors, reports of fires + accidents in other areas and other topics as well. <sup>death</sup>

Please look out for the little people and not the Big businesses!
